

Sunday, 16th June 2024 - JCR Meeting Minutes

Attendees

Ritika (President), Jack (Treasurer), Vladimir (Secretary), Joe (Freshers Rep), Szymon (Men's & enby welfare), Lewis (Class Act), Anna (WMG), Gemma (CCE), Ruxi (Internationals), Lottie (Bar & Buttery)

Vladimir (Secretary)

- Stash orders for Michaelmas have been scheduled for mid-October.

Anna (WMG)

- Planning events during the day during freshers' week for WMG.
- Planning orders for anti-spiking covers to be distributed around freshers' week.
- For the 40th anniversary, there we could display the work of female Petreans in the library. (Ritika: contact the librarians, they can help).

Ruxi (Internationals)

- International freshers' week is not possible for 2024-25. The earliest students could arrive is September 30th (due to a conference in late September), which gives several free days before the actual freshers' week.
- Accommodation office/Dean are not sure whether there will be rooms available earlier than usual due to conferences.

Lewis (Class Act)

- Will send out an email if anyone who has been asked to vacate their room for May Ball has still not found an alternative accommodation for the night. Lewis can put them in touch with people offering air beds, etc.

Lottie (Bar & Buttery)

- The planned SH for Michaelmas are: Freshers, Black History Month, Halloween and Christmas. As the latter two tend to be two of each, Catering would be reluctant to allow more SH for next term.

Joe (Freshers rep)

- If others have any suggestions for Freshers' Week, they can contact him.
- Will be sending out college families forms in the coming days. Still looking into whether it would be beneficial to have an additional underrepresented backgrounds college family, will ask students through the upcoming email.

Gemma (CCE)

- It would be useful if Rooms communicated more about planned works in all of the houses, even if it is during the Summer for people staying over.

Ritika (President)

- **Schedules for housekeepers.** Housekeepers have flexible schedules, so it is not operationally possible to keep up with and publish schedules. Regarding 'do not disturb' signs, leaving the bins outside signals that. Cleaners are not supposed to come in and clean whilst students are asleep, which will be reiterated to the housekeeping staff.
- **Gig Night support scheme.** Sounds like a good idea that would support college bands.
